

VAM : A Long History of Success

VAM is recognized worldwide in the industry for our development of the most extensive product line of Premium Connections. From the early years of the original VAM in 1964 to the more recent VAM TOP and semi-flush VAM SLIJ-II, VAM continues to produce innovative, high-quality, and high-performance solutions.

Why? Your success is our success. We're here to help you grow your business!

Did You Know ?

Our company initials, VAM, stand for Vallourec, and Alexandre Madrelle, the engineer who invented the original VAM Casing in 1964.
