

## Frontier Tubular Solutions Licensed to Thread DWC/C™ to Support SCOOP/STACK Play

HOUSTON—NOVEMBER 28, 2016—A new [VAM®](#) connection repair and threading resource is now available to operators in the Mid Continent. [Frontier Tubular Solutions](#) located in Edmond, Oklahoma was recently added to the vast network of [VAM® licensees](#) in North America. The company is able to repair DWC/C™ and [DWC/C IS PLUS™](#), and provide threading on accessories. Thanks to this new skilled local resource, operators in the area will not need to ship pipe to Houston to repair DWC/C™, saving time and money.

Recently the licensee network was expanded in the nearby [Permian](#) providing the local support that operators need for their VAM® premium connection accessories and repairs.

DWC/C™ is the semi premium reference in the industry, and the connection of choice for production casing with [high torque](#) capacities.

### About VAM USA

Headquartered in Houston, Texas, VAM USA, the leading supplier of premium threaded connections for the oil and gas industry in the USA, continuously extends its product offerings in response to the fast-growing demand for premium connections, and provides today a complete set of solutions to both the Shale Plays and the Gulf of Mexico. VAM USA product lines include Threaded and Coupled, Flush and Semi Flush integral joints for carbon, alloy, and stainless steel tubing and casing, that meet or exceed the technical requirements of the energy industry. VAM USA performs on-site product development and qualification tests at its own state of the art Connection Technology Center, and offers extensive field service and technical services in support of projects across North America.

VAM USA is a joint venture company between Vallourec, Nippon Steel & Sumitomo Metal Corporation, and Sumitomo Corporation.

While affiliated with Vallourec, VAM USA is a separate operating entity from Vallourec Star, a seamless pipe manufacturer with facilities in Youngstown (OH), Houston (TX), and Muskogee (OK).

VAM® is a registered trademark of Vallourec Oil & Gas France.
